This room has the same features as our Medium room, except this one has two single mattresses. Because sleeping in one bed can be a bit too cosy when spending the night with your colleague.

## Special rooms

Volkshotel invited creatively minded people to design a hotel room. This led to uncommon and completely different concepts: camping in a hotel room, sleeping in your own private cinema and bathing in Japanese style. In Volkshotel's special rooms, everything is possible.

# Options

## Group reservations

If you're looking to book 10 to 172 hotel rooms you qualify as a group. Ranging from 1 to 3 separate beds our rooms provide a nice space to retreat during a busy week, but with access to our public spaces so you could also enjoy a drink, dance or yoga class with your entire team or company before turning in.

## Event & accomodation

Sometimes what you have to say doesn't fit in one day. That's why we've invented multi-day events. It doesn't matter if you are with a party of 2 or 220 persons. It's possible to host your event in one or multiple conference rooms. Eat, meet, sleep, repeat.

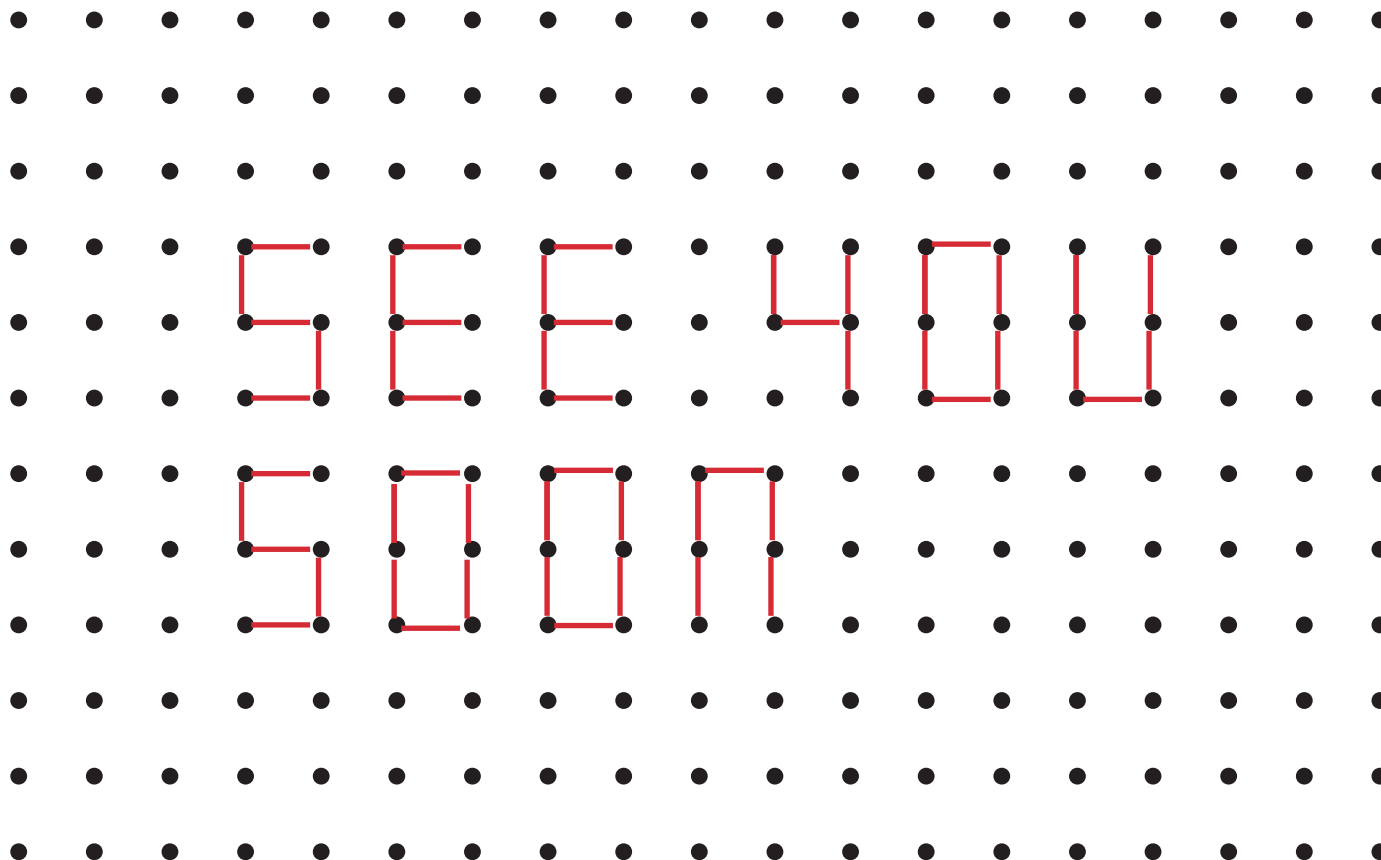

## +30 nights a year

Make us your home base away from home. If you (or your business) are planning to stay for +30 nights a year, get in touch with us to hear about the optional benefits. Like a seasonal rate for your company or a personalized login.
